Hidden Oaks Features Creatures

Ever wonder what distinguishes a toad from a frog? On Sunday, November 25, 2007, from 1 to 1:30 p.m., the Fairfax County Park Authority invites you and your family to solve the mystery once and for all. Visit with live animals and learn fun facts about these harmless local creatures. Find out how to attract them to your backyard and recognize their call. Following the presentation, participants are welcome to join the naturalist in comparing amphibians to reptiles by meeting other animals in the exhibit area.

This free program will be held indoors and is appropriate for families and children four and older. Reservations are required. For more information, call 703-941-1065.

Hidden Oaks Nature Center is located at 7701 Royce St. in Annandale.
